VENUE

# CITY WEDDING

# GLAMOROUS WEDDINGS BENEATH THE CHANDELIERS

Centara's 5-star Bangkok hotels are two of the most popular venues for large weddings in Thailand. Centara Grand at Central World, in the heart of the central shopping district, boasts a magnificent ballroom and configurable function rooms befitting the largest hotel-convention-shopping complex in the city. The Centara Grand at Central Plaza Ladprao, with the largest ballroom space and most opulent chandelier in the city, is famous for its high-profile weddings. Centara is also known for its hotels in Thailand's major regional cities, including Chiang Mai, Udon Thani, Pattaya and Hat Yai.

Whichever your choice, an experienced event team and expert chefs will work with you to create and manage a grand celebration the couple, families and guests will remember fondly for many years to come.

BEACH WEDDING

# A CELEBRATION WITH THE SCENERY OF THE SEA

The ideal beach wedding requires coordination of guest arrivals and accommodation, a flair for outdoor staging and food service, and a picture-perfect backdrop. Centara combines the experience, talent and their spectacular locations to turn dreams of a romantic, seaside celebration into reality. Our resorts in Hua Hin, Phuket, Pattaya, Krabi and the Maldives offer the special atmosphere and experienced event teams you're looking for.

Consider Hua Hin for the inimitable vintage ambiance of a famous, heritage landmark. Krabi offers a secluded private beach set against jungle and cliffs, ideal for an intimate, romantic wedding and honeymoon. Phuket, Samui and Pattaya provide facilities for larger beach and poolside events with convenient transportation connections.

Or choose the Maldives, for that once-in-a-lifetime celebration in an unspoiled, blue-green paradise.

GARDEN WEDDING

# SURROUND YOUR CEREMONY WITH EXOTIC FOLIAGE AND FLOWERS

Southeast Asia is one of the most verdant tropical environments in the world. At our hotels and resorts you will find landscaped gardens that will take your breath away. Tall palms, brilliantly-coloured flowers and lush foliage, typically interwoven with streams, waterfalls and pools – little wonder these gardens have become popular locations for unique, tropical weddings.

For a cosy and intimate ceremony, consider the garden venues of Centara Grand resorts in Pattaya, Hua Hin, Samui and Krabi. Our expert event teams will use their amazing talent with flowers to adorn pathways and participants, turning your celebration into a visual and fragrant masterpiece.

CEREMONY

# THAI STYLE

Celebrate your love in a traditional Thai wedding ceremony with the sounds of a long-drum parade, the scent of fragrant garlands and fresh orchids, and graceful, Buddhist rituals. Your venue will be adorned with vibrant colours, providing your wedding photos with a cascade of memorable backdrops. The traditional ceremony then begins as monks arrive at the wedding venue. While candles and incense are lit, you are offered fragrant neck garlands and the monks commence the blessing ceremony in a serene atmosphere.

As a symbol of your togetherness, the thread is placed over your heads while your foreheads are marked with powder as a gesture of well-wishing for your future. After offering the Sung Katarn and alms to the monks, attendants are blessed with holy water.

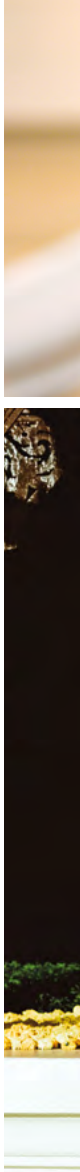

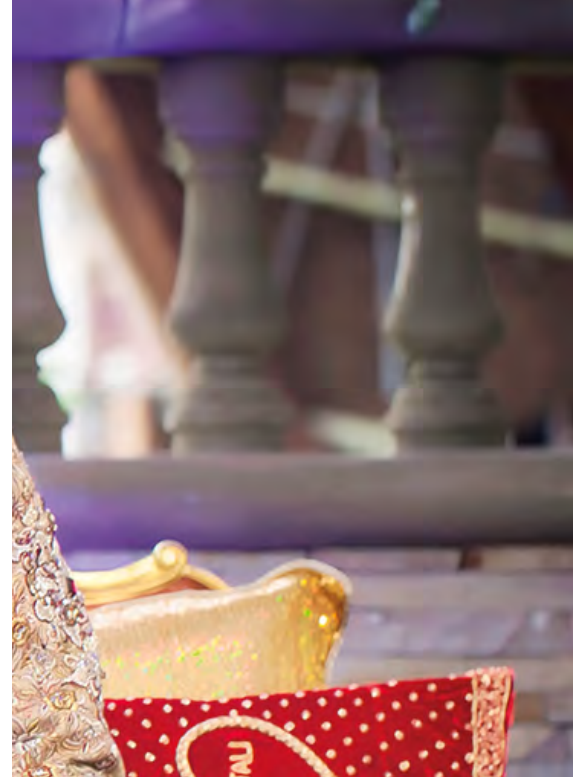

# WESTERN STYLE

Our multinational teams are well-versed in modern, Western-style weddings. We will happily incorporate Christian or Jewish traditions and officiants, music, and ceremonial styles. Our multilingual staff will communicate clearly with you to ensure your traditional or contemporary event is managed smoothly.

Consider having your Western ceremony at one of our unique locations in Thailand, or perhaps surrounded by the stunning backdrops of the Maldives or Sri Lanka. Orchids and other floral flourishes, gentle Thai service, and warm tropical ambience will make your wedding simply unforgettable.

# INDIAN STYLE

Centara's experienced team has planned many Indian weddings. We know how to manage traditional pre-wedding ceremonies and stage the beautiful wedding processions and rituals in their proper order. We offer venues and services that can accommodate receptions and banquets of almost any size. The elaborate preparations and extravagant colour, joy and spiritual significance of Indian weddings make them among our favourites. We look forward to producing an event that family and friends will remember for years to come.

A special place perfectly suited for your vision. Experienced partners to plan and manage everything smoothly. Plus something unique: the graceful Thai hospitality, artful food preparation, and love of family that set Centara apart.

Find out why so many families have entrusted one of their most important occasions (the most important ceremony) of their lives to Centara.
